

Copper Mountain Employee Discount

Vista Auto Group and Copper Mountain Resorts are pleased to announce an employee discount program for all vehicles sold by our dealership. This program is in furtherance of the close partnership between our companies and is offered as expression of our gratitude to the contribution made to the ski community, the county and state by Copper Mountain Employees.

Vista Auto Group will sell our vehicles at a discounted rate of one percent (1%) below our manufacturers invoiced price, not including title fees, licensing fees, handling fees, state and local taxes. All other manufacturer's discounts may apply.

To qualify, the employee must present proof of employment such as a current employee badge or pay stub. It is that simple.

All interested employees should visit or contact:
